

HAPPY TAILS OBEDIENCE CLASS

The Happy Tails Basic Obedience class is a six-week course that meets one evening a week. Designed for dogs 6 months and over, it is a “basic manners” class that focuses on teaching you and your dog the skills necessary to live and function together well. But this is only a small portion of what you'll learn. The most important aspect of this course is to facilitate communication between you and your dog. To foster a relationship in which your dog understands that you are in control, and that pleasing you is rewarding for him. As such, this class is not intended to deal with “yard dogs” or “kennel dogs”. For our methods to work, dogs must be house dogs, or at least allowed in the house each evening for several hours. Our methods pre-suppose that dogs are members of the family and interact with you a great deal. Dogs of all sizes and ages (over 6 months) are welcome to attend. We also encourage the entire family to come along as well.

The first class is orientation for the humans. You won't need to bring your dog to the first class.
